

KEEN KIDS ON THE LAND: Year nine students from Mt Beauty Secondary College, have just returned from 12 days at Bogong Outdoor Education Centre, where they have been involved in the "Future Makers" program. Last Friday they were at Rockpool Road Landcare project, where under the watchful eye of teachers and Landcare workers they helped plant 150 trees on the old roadways to encourage them to return to the bush. (From left) Conor Sault, Brodie Townsend, Georgie Dillon, Jack McMahon, Lydi Fowler, Rachel Abbott and local Landcare president Alan McDonald.
